*1 Anti-friction bearing*
*45d Freewheel*
*45e Sun gear with inner plate carrier K3, rear planet set*

P27.50-2046-11

The friction bearing bush in the sun gear (45e) has been replaced with an anti-friction bearing (1).
This improves the bearing of the hollow shaft and the freewheel (45d) is no longer worn away by the friction bearing bush.
